

Park Quest 2022

Forests: The Foundation of Pollination!

Welcome to Fair Hill NRMA and to this year's Park Quest!
The theme for 2022 is pollinators.

POLLINATION is essential to life on earth and FORESTS are essential to pollinators. On your Quest at Fair Hill you will have the opportunity to explore an undisturbed old forest which supports a wide variety of plant, insect, bird and mammal species.

Instructions:

Starting at the Covered Bridge Lot, follow the Park Quest Signs to 4 stations along your 2-mile hike. At each station you will find highlighted terms to complete the WORD SEARCH on the reverse of this sheet.

To unlock the box and retrieve your stamp, use the shortest word in your word search.

— — — —

BONUS QUEST: Inside the box you will also find directions to our sister property, Bohemia River State Park. Here you can experience pollinator habitat in the form of a native meadow.

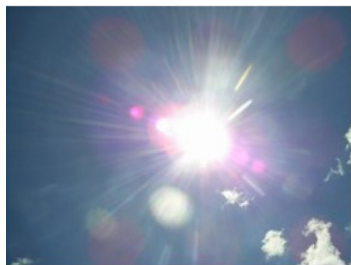

Fair Hill Duty Ranger: 410-218-1698 Bohemia Duty Ranger: 667-500-2417

The Forest is the
Foundation for
Pollination! A world
without pollinators is
lifeless.
